X-TOUCH COMPACT

Universal USB/MIDI Controller with
9 Touch-Sensitive Motor Faders

- Universal Remote Control for DAWs, Instruments, Effects and Lighting applications
- Features Mackie Control* emulation mode for seamless integration with every compatible music production software
- 9 fully automated and touch-sensitive 100 mm motorized faders
- Dual-Layer mode for quick change between DAW and instrument control
- Pre-configured control elements for instant operation out of the box
- User-friendly editor application for in-depth configuration downloadable free of charge from www.behringer.com
- 16 rotary controls with LED-collars for on-the-fly adjustments of your favorite parameters
- 39 dedicated illuminated buttons (including transport control) for direct access of key functions
- Built-in USB MIDI interface for direct connection to Mac* or PC computers - no drivers required
- Standard MIDI I/O ports for controlling external hardware without the need of a computer
- Dedicated footswitch and foot controller input for external remote control
- 2-port powered multi-TT USB hub for connecting additional controllers

The X-TOUCH COMPACT Universal USB/MIDI Controller gives you precise control over your favorite DAW, instruments, effects and lighting systems with the fluidity of 9 touch-sensitive and fully-automated motorized faders, 16 rotary encoders with LED collars – and 39 illuminated buttons. Free yourself from the mouse-click paradigm with X-TOUCH's preconfigured presets – or customize your own configurations to master the art of on-the-fly adjustments as ever before!

Universal Control

Today's DAWs, instruments, effects and lighting applications are designed to interface with controllers that enable users to make high-precision changes with minimal effort. Built-in Mackie Control* emulation allows your X-TOUCH COMPACT to work with virtually any professional audio production software imaginable – as soon as you take it from the box – no setup required!

X-TOUCH COMPACT

Universal USB/MIDI Controller with
9 Touch-Sensitive Motor Faders

- “Planet Earth” switching power supply for maximum flexibility (100 - 240 V~) and low power consumption for energy saving
- 3-Year Warranty Program*
- Designed and engineered in Germany

Faders that Dance with Your Music

Your music is the embodiment of your imagination and creativity. Your controller should be equally inspired and dynamic in its response to your creation. That’s why the X-TOUCH COMPACT features 9 fully automated and touch-sensitive 100 mm motorized faders. Every move or automation you write can be seen in the movements of each fader in real time, perfectly synced with your DAW.

Control More

Dual-Layer Mode provides lightning-fast switching between DAW and instrument control. Preconfigured control elements let you connect the X-TOUCH COMPACT for instant operation right out of the box, or download our user-friendly editor application for in-depth configuration, free of charge from www.behringer.com.

A Symphony of Lights

16 beautifully equipped rotary controls featuring LED-collars that provide an amber-hued visual read out couple with 39 illuminated buttons to make the X-TOUCH COMPACT a feast for the eyes as well as the hands. They provide direct access to preconfigured or user-mapped key functions. Know in brilliant color if a channel is muted or soloed and see how hot the level is pumping as you make changes during recording or mixing. Arm multiple tracks or adjust panning at the same time and marvel at how you ever relied on a mouse to do a controller's job. The built-in USB interface allows you to connect the COMPACT directly to your Mac or PC for easy right out-of-the-box installation – no drivers required.

A Tale of Two MIDIs

Complete USB and 5-pin MIDI integration means you'll be able to interface with more of your favorite devices. Easily connect to a computer via the primary USB port, while simultaneously connecting an external MIDI device.

Connect, Control, Expand

The dedicated footswitch connector and one foot controller input provide external remote control. The powered multi-TT USB hub provides connectivity for 2 more controllers so it can grow with your career. A "Planet Earth" switching power supply gives you maximum flexibility and efficiency for energy savings. Best of all – the X-TOUCH COMPACT will work flawlessly wherever and whenever you plug it in.

Bring it All Together

X-TOUCH COMPACT's 9 fully-automated and touch-sensitive 100 mm motorized faders, 16 rotary encoders and 39 illuminated buttons support the most popular communications protocols, giving you tactile control of your favorite DAW, instruments, effects and lighting systems. Visit your local dealer or online reseller to get your hands on the X-TOUCH COMPACT – and get your hands back into the mix!

Compose. Record. Mix. Share.

Tracktion is one of the world's fastest and easiest Digital Audio Workstations (DAW) for composing, recording, editing, mixing and sharing your music with the world. Featuring a single-screen interface, and pushing the envelope in design elegance, Tracktion brings together outstanding Pro DAW features, such as dynamic automation, unlimited track count, MIDI recording and support for VST and AU plug-ins. This powerful music production software gives you all the tools of an entire professional-grade recording studio. Learning a DAW has never been easier, thanks to their vast and readily available library of resources.

As our way of saying "Thank You" when you register your X-TOUCH COMPACT at behringer.com, we'll reward you with a complimentary download code for the full version of Tracktion. Recording and editing couldn't be easier. To learn more about Tracktion, visit tracktion.com/support/videos.

Share the Love. Visit tracktion.com for more.

You Are Covered

We always strive to provide the best possible Customer Experience. Our products are made in our own MUSIC Group factory using state-of-the-art automation, enhanced production workflows and quality assurance labs with the most sophisticated test equipment available in the world. As a result, we have one of the lowest product failure rates in the industry, and we confidently back it up with a generous 3-Year Warranty program.
